

## UIDSSMT:

The objective of Urban Infrastructure Development Scheme for Small and Medium Towns are :

- To improve infrastructure facilities and create durable public assets and quality oriented services in cities and towns.
- To enhance Public-Private-Partnership in infrastructure Development.
- To promote planned integrated development of towns and cities.

Admissible Components:

- Widening of narrow streets, shifting of industrial / commercial establishments to reduce congestion, replacement of old and worn out water pipes by new/higher capacity ones.
- Water supply and sanitation.
- Sewerage and Solid Waste Management.
- Construction and improvement of drains / storm water drains.
- Construction / Upgradation of roads, highways/ expressways.
- Parking lots / spaces on PPP basis.
- Development of heritage areas.
- Preservation of water bodies.

The funding pattern between Central Govt. and State Govt. / ULB/ Parastatal is 80:20 while preparing the DPRs of following towns, priority has been given for water supply, sewerage and roads :

(Rs. in lakh)

Sl. No.	Name of ULB	Scheme / Component	Total Project Cost	GOI	GOWB	ULB
1	Haldia	Water Supply	558.57	446.86	55.86	55.86
